EXPERIENCE

MORGAN STANLEY

Associate, U.S. Economics Team

08/2022 – 08/2023

- Responsible for a variety of analyses, building and maintaining econometric models to understand/explain US macroeconomic phenomena and explore US macro themes.
- Led client-facing presentations as well as meetings with Morgan Stanley's sales and trading force
- Produced research reports about relevant economic events including a biannual economic outlook report
- Constructed and managed forecasts for US inflation and employment situation
- Handling internal and external client requests under the U.S. economics team led by Ellen Zentner

FEDERAL RESERVE BANK OF NEW YORK

Senior Research Analyst, International Research Function

06/2020 – 07/2022

- Research assistant to Dr. Julian di Giovanni. Assisted in academically oriented research projects
- Perform econometric, computational, and analytical research intended for internal FRB publication and academic journals
- Assist economists in the analysis of current public policy issues and events in preparation for the FOMC meeting. Projects include creating a new statistical model to forecast U.S. trade, constructing a new measure of foreign GDP and compiling relevant data using Haver/DLX and Bloomberg
- Develop spreadsheets and programs to facilitate and improve data manipulation and analysis
- Data work on international trade, trade uncertainty, input-output linkages, international trade pricing, cross-border banking, government procurement and direct investment among others

CLOSED FORM SOLUTIONS LLC

Software Engineering Intern

Summer 2019

- Worked with a variety of Amazon Web Services (AWS): S3, ECS, ECR, Batch, CLI and EC2
- Developed R packages to facilitate easier use of Docker, AWS batch and AWS ECR
- Designed and implemented a Shiny application
- Created a new VPN server and taught coworkers how to use my software packages

UW-MADISON ECONOMICS DEPARTMENT

Research Assistant

2018 - 2019

- Assisted Prof. Maria Muniagurria on her research on child health and international engagement by collecting, cleaning, and analyzing data from families and children in Argentina and Colombia
