Great class and great GSI, would recommend!
Ruth was super helpful and relatable to the students. She explained the material well and created an amazing classroom environment. She got to know her students well and went above and beyond the typical GSI – especially Econ GSI!
Instructor Ruth was very knowledgeable about the topics covered in this course, explaining them in very conceptual and understandable ways.
Ruth was an exceptional instructor. She was very good at reading the room and understanding where students were at with the content. She always encouraged us to ask questions if we had them and never made a student feel bad for not understanding something. Ruth explained the content clearly and made it easier to understand if it was confusing in class.
Ruth was a great GSI who really seemed to care about her students' understanding of the course material, and going to her section always helped me understand course material more clearly.
Ruth was great probably the only reason i got a good grade in this class was because her discussions were helpful and she was always prepared with the information we learned in class and with clear explanations!
Discussions really helped in reviewing topics, keeping up to date, and asking any questions you couldn't get to ask in lecture. Ruth was very open to any questions I had throughout the semester, whether in discussion sections or in office hours and was helpful in furthering both my understanding and interest in the material.
I loved having Ruth as my GSI! I have met with almost all of the GSIs, and Ruth has helped me the most and explained topics the clearest. She made sure that the students knew the topics and explained things differently if people did not understand something. I felt very comfortable asking questions in discussion, and Ruth made it a priority that all her students understood what was going on.

Ruth was amazing.
Ruth is a great GSI! She actually cares about her students and wants them to do well, and her explanations were super helpful to better understand the material.
Great and fun
I really enjoyed this class.
Ruth was a fantastic GSI for Econ 102! She came to class very well prepared, provided many practice activities for us beyond what the professor put together, and was thorough in her explanations of the material we were covering. She also seemed enthusiastic about the subject matter, checked for understanding, and answered questions whenever they arose.
Ruth was SO AWESOME. I am definitely going to miss her as a GSI and am so grateful I had her this past semester. I got into this class super late because I was a transfer student and Econ 102 was completely full. However, from the moment I got into the class to the end of the semester, Ruth was constantly looking to help when I expressed difficulty and was just a really awesome person to have guiding me through the course. I learned a lot and went to section because she was good at what she was doing. She made the content easier, she provided extra problems, and wanted us to succeed. I am so grateful that I had her as my GSI and she definitely has been one of the best GSIs I have had in my experience here at UMICH.
