Ruth was always willing to go above and beyond if you needed her too, she is a great educator and understands how to simplify things for people when they are having difficulty understanding a concept.
This econ discussion course was very helpful as we were in smaller group compared to the big lecture hall. All students could ask questions and ensure we were all understanding the material correctly.
The content covered in lectures was gone over appropriately during these discussion periods.
Ruth was sick with it
Ruth explains everything clearly in her GSI sessions and is always so willing to help students!

The instruction for the discussion was good. The GSIs knew the subject matter and explained it well.
Both Ms. Lwiza and Ms. Heymann did a great job at reviewing important lecture material each week to reinforce such topics
They helped me understand the content better.
I became confident in my economic skills thanks to discussion.
I enjoyed the teaching of both GSI's. The class itself was not my favorite, but the GSI's made it understandable.

he was very passionate
It was overall good.
Ruth seems like someone who really likes econ and she teaches her section well. I do get confused sometimes when she explains confusing problem set questions since she moves pretty fast but the problem set explanations online are really clear so I don't mind.
